Honor the name Cleveland

The American spirit thrives on perseverance, bold choices, and the belief that no challenge is impossible. Quotes from presidents Grover Cleveland, Franklin D. Roosevelt, John Kennedy, reminds us that success is built on our decisions, not just our circumstances. Donald Trump, in his inaugural address stated the following:

In America, the impossible is what we do best

Join other Cleveland families, Cleveland city & business leaders, Cleveland High School Principals, and Cleveland High School students, nation wide, to help achieve two priceless goals.

Mission 1, (Difficult) - Identify, fund and build, within 3.5 years, to fund multiple Trade Colleges modeled on Williamson College of the Trades (see YouTube). Initial potential locations in Texas, North Carolina and Ohio. Full scholarship, financially fragile, Co-ed students, ages 18 - 23, single, no children, values-based lifestyle, U.S. citizens.

Mission 2, (Impossible ?) Find the current owners of the limited editions of 600 numbered copies of the 1899 Cleveland Genealogy. With 340 million people in the U.S. this may seem impossible -- but is it? History tells us that those who believe in the impossible, often achieve it. Your participation is crucial.

Working together to achieve the impossible.
